

The best EOC website is through Escambia County (FL).

It is: <http://www.ecsd-fl.schoolloop.com/EOCReviews>

Students and parents choose from Algebra 1, Geometry, Biology, US History, and Civics. Once they choose the subject area, they can click on specific benchmarks which will encompass video presentations reteaching the benchmark, sample questions and answers, and activities to complete to mastery.

Another that I recommend is through Florida Virtual.

The address is:

<http://www.flvs.net/myFLVS/study-tools/EOC/Pages/default.aspx>

Through this site, the students can participate in practice modules which will evaluate their readiness and provide them with practice before they take the exam. There is also a listed schedule of webinars where teachers will be present through the portal to go over benchmarks that cause the greatest degree of difficulty. **\*\*\*PLEASE NOTE THAT THE EOC PRACTICE DOES NOT COUNT TOWARDS THE ONLINE SEMESTER CREDIT REQUIREMENT\*\*\***

Below please find some great websites for ninth and tenth grade reading practice (FCAT), as well as some attachments.
